

Brighton
June 11th.

Dear Sir

I do not wish for Fawcett's
playbills.

My Daniels Sonnets belonged to
Mr Cavendish, and when Lord George
gave me his library he made me
promise not to part with any
book contained in it. Otherwise
they ~~shall~~ have been at your service
I am delighted to have the Albion
& the additional leaf which must
be a curiosity.

I am very glad to receive Sir
W Cavendish's letter - at Chatsworth
I shall ask you to help me in
looking for many papers of that

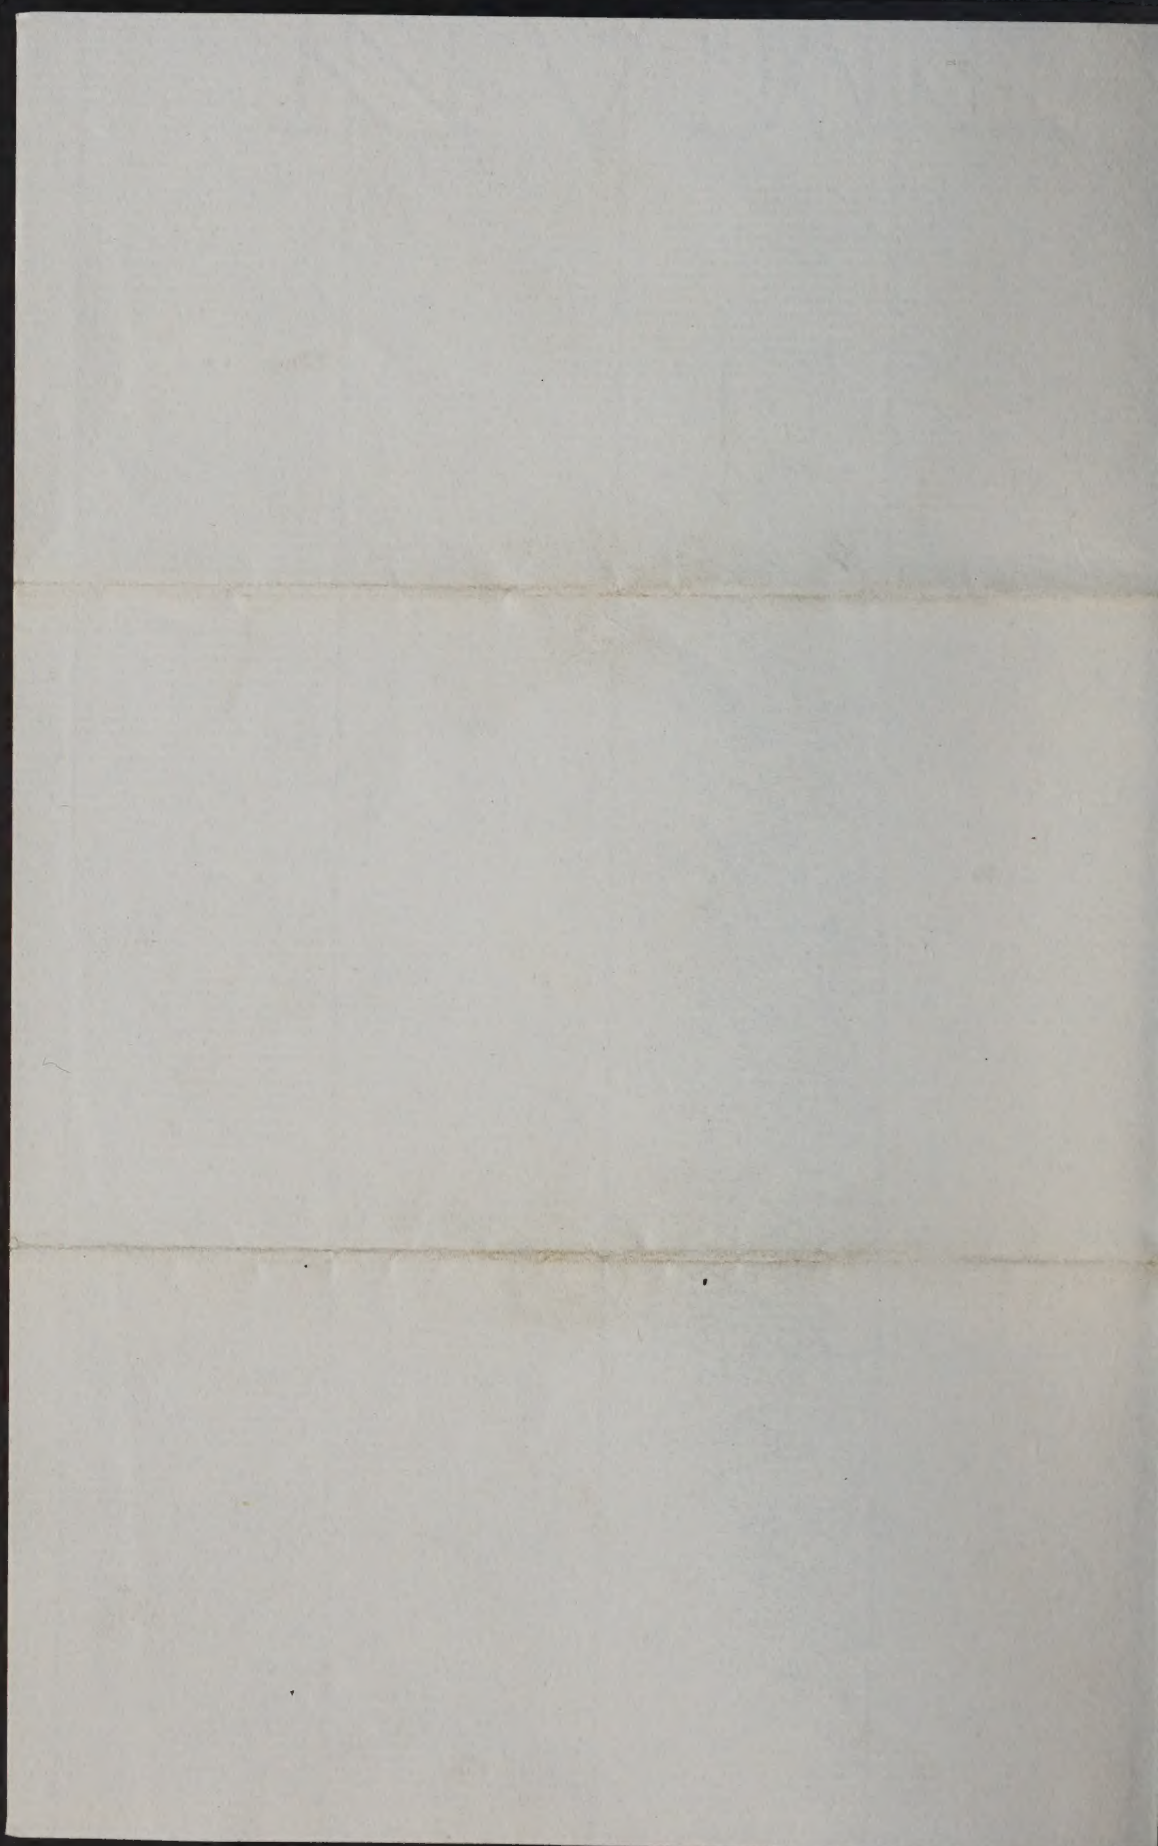

sort.

I shall write as soon as I return
to London

Believe me

most truly yrs
